LEADERS, LEADERSHIP & LEADING...

SEMINAR SERIES

Dear Members & Friends,

Join us for a Networking session and Industry talk on Tuesday, October 13th.

On that evening, our Publicity Director, Patrick O'Brien, will share some thoughts on a topic of great relevance in today's challenging climate, that of Leadership.

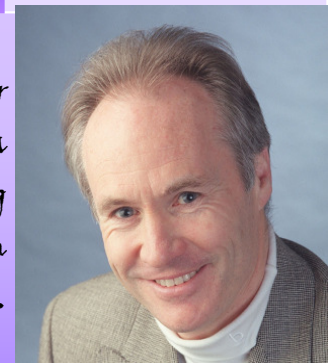

"Inspiring Leaders" is the CMI strap-line, and this talk is positioned to extend our thinking in this important area. The aim on the evening is to raise our collective understanding of what Leadership means. Patrick will facilitate this by sharing some insights into how he sees Leadership, and, see how that resonates with the audience.

He'll take a look at a few well known Leaders, and try to get a sense of what makes them different. He'll look into Leadership as a concept, and also explore the ways in which it may differ from Management.

Finally, he'll dive a little deeper into the interesting subject of Leading, to examine some of the key Skills required when Leading.

SPEAKER'S PROFILE
